Water management waste water treatment

## Maarten & Nakampe

Wetskills

## Dhevan Govender

## 1 statement

- Everyone takes 1 card and a pen
- Please think over the pitches and write on your card 1 sentence [ recommendation/ idea/ statement / comment ]
- How do we accelerate the capacity building of the water staff in South Africa?

## 35-points

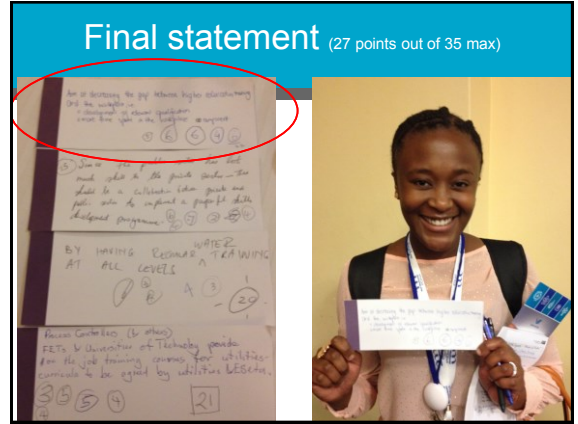

1. Stand up, walk around and change cards and read the card.
2. At the sign find 1 neighbour.
3. Stand together and divide 7 points over the 2 cards (you have to agree together!)
  - 1, 2 and 3 will be repeated 5 times.
  - Note: you are not supposed to vote your own statement.

## Add the points

1. Add the points on your card
2. Maximum = 35 points (5\*7)

### Statement to be posted to the SA and Dutch Minister

*Aim at decreasing the gap between higher education training and the workplace, i.e.:*

- o *Development of relevant qualification*
- o *More time spent in the workplace component.*
